

Lenca Teca

Working with unidentified old genetics is where the fun starts. Fermented in moderate volume, **Lenca Teca** brings an unusual flavor twist for El Salvador. Malty, whisky barrel woody notes, browned fruit, thyme, and nutmeg are the warm elements for this cocoa. The complexity increases in chocolate, with vanilla, acacia honey, and banana-blueberry muffin notes being perceived along the way. Delicate forest chamomile, pine resin and coconut flesh develop towards the end. Overall, a cocoa to be appreciated by many!
